

# YEAR 10 CURRICULUM MAP (Developing)

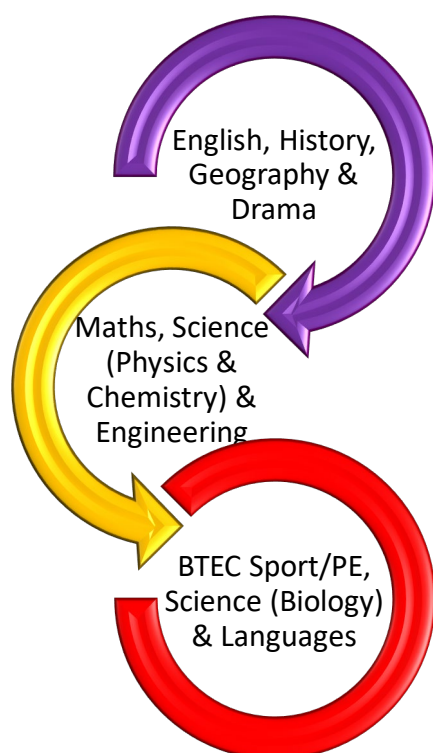

## Rationale:

The Year 10 curriculum focuses on the start of their journey at KS4, with students having selected 3 options for GCSEs alongside their core subjects; English (language & literature), Maths, Science and Sport pathway. The students develop their experiences from KS3 and expand their level of knowledge and understanding of complex content and the relativity to future life.

## Process:

This inter-disciplinary curriculum will focus on both Pyramid and Linear learning depending on the subject content being covered.

### PYRAMID

### LINEAR
